

STANDARD WOMEN'S SIZING: For Tops, Bottoms and Outerwear

Body measurements (in centimetres)						
Sizes	8	10	12	14	16	18
Chest	81 - 87	87 - 93	93 - 99	99 - 106	106 - 113	113 - 120
Waist	63 - 69	69 - 75	75 - 81	81 - 88	88 - 95	95 - 102
Hip	90 - 96	96 - 102	102 - 108	108 - 115	115 - 122	122 - 129

The above are body measurements and should be used as a guide to help you select your garment size. Depending on how you prefer to wear your clothing, the number of layers and purpose of the garment you may select the corresponding size.

Measuring Guidelines: Here are some tips to help you select your correct Snowgum size. To achieve a more accurate measurement you should be wearing clothing that is body fitted with minimal bulk. A measure tape is required.

CHEST / BUST:

With relaxed arms, measure around the fullest part of your bust.

WAIST:

Measure around the natural waistline at narrowest point.

HIP:

Standing with feet together, measure around the fullest part of your hips. Tape measure should be able to slide down and over your bottom.
